Contracting authority:	SHUKOS Nadire Vitija – Focal Point October 2021

SHUKOS is looking for a local expert who will work closely with its Staff, members and other stakeholders to develop position papers in interest of SHUKOS

1. Introduction

Water and Wastewater Works Association of Kosovo (SHUKOS) is a non-for-profit organization established by 7 Kosovo's Regional Water Supply and Sewerage Companies (RWCs). SHUKOS is the main actor in water sector that protect the interest of RWC in Kosovo and in the same time promote and help the development of RWCs and participate in active manner to the overall water and sanitation services activities in Kosovo by improving the capacity of the water utilities in provision of safe, sustainable and affordable water and wastewater services. The activities of SHUKOS are of wide range such as: support the coordination of Regional Water Companies (PUC) activities and policies, lobbying and advocacy for water sector, delivery of trainings and workshops, conducting awareness campaigns, distribution of information, organisation of study tours, events, seminars, facilitation of the work of regular working groups, and cooperation at local and international level.

The aim of this document is to focus the joint advocacy activities of SHUKOS and AKM to improve the overall efficiency and quality of service provision of the public utilities, as well as contributing to their sustainable operations and enabling environment for capacity development in the PUCs and LGUs.

The association has identified the following topic as focus of the joint advocacy activities:

- ***Policy paper for Designing a subsidized tariff system for wastewater***

The main purpose is to develop a Position Paper for designing the tariffs that ensure adequate recovery of operating and investment costs on the one hand, and remain affordable for service customers on the other. In relation with the topic, we are open to accept proposals from interested consultant for development of this position paper whether these proposals will help for better development of this topic.
